DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6, 8, 9, 12-17, 21-26, 28-31, 33 and 35 allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-6, 16, 17, 26, 28 and 30 allowed because prior art failed to establish a particulate insulating layer filling the lower portion of the trench where the average diameter of the particulate insulating particles falls within a range of 100nm to 500 nm or a range of 100nm to half a width of the opening and a reflowable dielectric layer covering an upper surface of the particulate insulating layer, the insulating particles being stable at a melting point of a softening point of the reflowable dielectric layer. Claims 8, 9, 12-15, 29 and 33 allowed because prior art failed to establish a second particulate insulating layer with a smaller average diameter covering the lower particulate insulating layer. Claims 21-25, 31 and 35 allowed because prior art failed to establish an upper particulate insulating layer without binder covering the lower particulate insulating layer with binder.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
